## Retail Pre-pay Pricelist 2016

Mixing Fees Up To 2000 LB. \$.10 LB, 2000 or More \$.05 LB.

PRODUCT	BAG	RETAIL	SEEDING	DESCRIPTION
	SIZE	COST/ LB.	RATE	
Lowland Hay Mix	50 lb.	\$4.75	23-35	drained soils, very winter-hardy, drought tolerant, high yielding. For dry hay, haylage, balage. complete mixture of a branched rooted alfalfa, red clover, tall fescue, orchardgrass, and timothy. A mix designed for wetter areas. Very winter-hardy, high yielding. For dry hay, haylage, balage.
Hay/Grazing Mix	50 lb.	\$4.75	25-30	complete mixture of a grazing tolerant alfalfa, tall fescue, orchardgrass, meadow brome, ryegrass, and white clover. Spring hay followed by summer grazing. Very drought tolerant.
Performance Max	50 lb.	\$4.65ct/\$4.85oc	25-35	ct, oc - A premium mix of 70% 30-30, excelerator, 444 alfalfas; 30% Hay type tall fescue.

### ORCHARDGRASS

Good heat & drought tolerance. Will do well in areas with less than ideal fertility and moisture.

Byron's oG Blend	25 lb.	\$3.85	5-20	A blend of our best available, latest maturing, leafy, and disease resistant orchardgrasses. Soft leaves. excellent for hay or pasture. High digestibility.
OG Blend South	25 lb.	\$3.85	5-20	A blend designed for the south. Heat tolerant. High yielding with quality.
Athos	50 lb.	\$3.85	5-20	Very late heading. Super leafy, very rust and disease resistant
<b>New!</b> Echelon	50 lb.	\$3.85	5-20	Very winter hardy and extremely late heading. Huge yielder
HLR Blend	25 lb.	\$3.85	5-20	A blend of Barenbrug's late heading orchardgrasses
Endurance	25 lb.	\$3.20	5-20	Bred for the south under grazing management, but has excellent winterhardiness as well

### TALL FESCUE

excellent drought & heat tolerance. does well in wetter areas. Endophyte free unless noted

Baroptima Plus E-34	50 lb.	\$3.95	25-30	Barenbrug's first release of a friendly, endophyte fescue. good for the South.
STF-43	50 lb.	\$2.94	25-30	A blend of two of our best soft leaf, most palatable fescues for grazing, dry hay, haylage or balage.
KF Premium Hay Blend	50 lb.	\$2.94	25-30	A blend of two of our best hay type fescues. ideal for hay, haylage, or balage. High yields.
BarElite	50 lb.	\$2.94	25-30	A fine, soft leaf, palatable tall fescue. Quick to establish. great for grazing. good digestibility.
Kora	50 lb.	\$2.94	25-30	A very high yielding selection, bred for high ndFd.
Drover	50 lb.	\$2.63	25-30	Good persistence in heat & drought. Very high yielding. great for the south.
Savory	50 lb.	\$2.38	25-30	A dense palatable fescue at a economical price earlier heading than our premium fescue.

### TIMOTHY

Most palatable grass with superior winter hardiness. slow to establish. does well on heavier soils

Barfleo	50 lb.	\$4.32	10-15	10 days later than climax. Very high quality, leafy and excellent for grazing or hay. Very persistent.
Barpenta	50 lb.	\$4.32	10-15	A very late timothy from Barenbrug. this is the Barliza replacement
<b>New!</b> Tenho	50 lb.	\$4.06	10-15	A new timothy from Barenbrug with good persistence and spring growth. Mid to late maturity.
Kootenai	50 lb.	\$3.12	10-15	A fine yielding early maturing timothy.

### MEADOW FESCUE

related to ryegrass, high palatability, very cold tolerant.

HDR	50 lb.	\$4.30	25-35	High yielding, high quality. late maturing, winter hardy.
Liherold	50 lb.	\$4.30	25-35	A top performing variety. Solid performance across the Byron territory
<b>New!</b> KF Galaxy	50 lb.	\$4.30	25-35	A blend of our top performing meadow fescue varieties

Effective September 7, 2015

Prices subject to change without notice.

## Retail Pre-pay Pricelist 2016

Mixing Fees Up To 2000 LB. \$.10 LB, 2000 or More \$.05 LB.

PRODUCT	BAG SIZE	RETAIL COST/ LB.	SEEDING RATE	DESCRIPTION	ct - coated Seed is inoculated and treated oc - organic coated; ut - untreated
<b>BROME</b>					<b>Good drought tolerance. requires high fertility and well drained soils.</b>
Hakari Alaska Brome	50 lb.	\$3.75	30-40	Quick establishment, late maturing, excellent to mix with alfalfa, short term perennial.	
Fleet Meadow Brome	50 lb.	\$4.30	30-40	Best suited for pasture. excellent drought tolerance. Better regrowth than smooth brome no rhizomes	
<b>PERENNIAL RYEGRASS</b>					<b>Highest energy grass. great spring &amp; fall production. needs good fertility.</b>
KF Eclipse	50 lb.	\$2.88	30-40	A blend of excellent ryegrasses known for superior quality, yield. Winterhardy.	
BG 24t	50 lb.	\$2.88	30-40	A tetraploid/diploid blend from Barenbrug. excels in quality and palatability.	
Remington	50 lb.	\$2.88	30-40	Very winter hardy tetraploid with high yields. excellent disease resistance.	
tivoli	50 lb.	\$2.88	30-40	tetraploid, very dense, less heading, very late.	
calibra	50 lb.	\$2.38	30-40	Another persistent ryegrass with good heat tolerance. Earlier heading than our other ryegrasses	
<b>ITALIAN RYEGRASS</b>					<b>1-2 year grass. needs good fertility - high yielding. great double crop.</b>
Green Spirit	50 lb.	\$1.80	35-45	tetraploid/diploid italian blend. Fast establishment, high yields, great overall performance.	
Zorro	50 lb.	\$1.30	35-45	tetraploid. uniform, Spring production with energy and yield	
<b>New!</b> Allegro	50 lb.	\$1.75	35-45	Diploid Italian ryegrass from DLF. Excellent density and quality with high yeilds	
<b>FESTULOLIUM</b>					<b>cross between perennial or italian ryegrass and meadow fescue. Winter hardy, good quality.</b>
Barfest	50 lb.	\$2.63	30-40	Late maturity, good persistence, winter hardy & palatable. good rust resistance, likes heavy soils.	
Lofa or Perun	50 lb.	\$2.56	30-40	High yields & sugar content. excellent winter hardiness, high forage quality. Best for silage or grazing. Very fast	
<b>PASTURE MIXES</b>					<b>Byron's premium grazing mixtures. custom mixes also available.</b>
KF GrassWorks Grazing	50 lb.	\$3.85	25-35	High quality grazing mix formulated by the folks at Grassworks	
Dairy Plus	50 lb.	\$3.38	25-35	Very palatable and winter hardy mix. needs excellent soils. Perennial ryegrass based.	
Horse Supreme	50 lb.	\$3.85	25-35	High quality pasture mix. does not contain tall fescue. Selected for performance.	
KF Grazing Mix	50 lb.	\$3.75	25-35	great mix for grazing or haylage/balage. dries slow for hay.	
KF Premium Pasture	50 lb.	\$3.75	25-35	New mix designed to take the place of both Highland and Lowland Pasture mix	
Beef Greenfast	50 lb.	\$3.30	25-35	Fast establishing, high yielding mix. designed for short term rotations. Some of the best quality.	
Beef Maker	50 lb.	\$3.44	25-35	Durable high quality mixture with exceptional tolerance and long life.	
Beef Builder	50 lb.	\$3.56	25-35	tremendous quality, finishing beef with heavy grazing pressure.	
Beef Hay & Graze	50 lb.	\$4.75	25-30	complete mix of grasses and alfalfa. Spring hay followed by summer grazing. Very drought tolerant.	
Greenfast	50 lb.	\$3.30	30-35	Fast establishing, high yielding mix. designed for short term rotations. Some of the best quality.	
<b>BARENBRUG FORAGE MIXES</b>					
Beefmaster	50 lb.	\$3.30	30-35	Good for finishing beef. contains ryegrass, fescue, orchardgrass, and white clover.	
Dairymaster	50 lb.	\$3.65	30-35	Great for heifers and dry cows, continuous grazing.	
Horsemaster	50 lb.	\$3.50	25-30	For good traffic wear for horses.	
Horsemaster Plus	50 lb.	\$3.65	25-30	Same as horsemaster with the addition of white clover.	

Effective September 7, 2015

Prices subject to change without notice.

## Retail Pre-pay Pricelist 2016

### Retail Organic Pre-pay Price List 2015

Organic Mixing Fees Up To 2000 LB. \$.20 LB, 2000 or More \$.10 LB

#### ORCHARDGRASS

Niva	50 lb.	\$5.95	5-20	A good looking orchard grass in the field. Similar in maturity to Baridana
------	--------	--------	------	--

#### PERENNIAL RYEGRASS

Mara	50 lb.	\$5.70	30-40	High sugar late diploid with excellent productivity
AstonEnergy	55 lb.	\$5.70	30-40	Late tetraploid. Rated the highest energy ryegrass in Europe
Kentaur	50 lb.	\$5.70	30-40	tetraploid with excellent yields, good heat tolerance and a little more open growth.

#### ITALIAN RYEGRASS

KF Allegro	50 lb.	\$3.45	25-35	A very high yielding and exceptional quality variety.
VNS Annual Rye Grass	50 lb.	\$1.95	15-30	A high yielding annual rye grass for quick forage yields.

#### FESTULOLIUM

Perun	55 lb.	\$5.15	30-40	3 year ryegrass-type festulolium. Super seedling vigor
-------	--------	--------	-------	--

#### TIMOTHY

Winnetou	50 lb.	\$5.15	10-15	A late European variety lots of nice soft leaves.
<b>New!</b> Lishka	55 lb.	\$5.15	10-15	Medium maturity variety with good seasonal yield distribution

#### MEADOW FESCUE

Liherold	55 lb.	\$5.90	25-30	A late European variety lots of nice soft leaves.
----------	--------	--------	-------	---

#### TALL FESCUE

Kora	50 lb.	\$5.95	25-30	A very high yielder. Very high NDFd for a tall fescue, hay type
------	--------	--------	-------	---

#### CLOVERS

Liflex White	25 lb.	\$8.75OC	4-8	Medium leaf, white clover.
Milvus Red	25 lb.	\$5.15OC	2-4	A persistent red clover with high density
Renegade Red	50 lb.	\$5.15OC	4-8	A 2-3 year red clover with great southern movement
Yellow Blossom Sweet	50 lb.	\$3.50	4-15	A deep tap root help breakup compacted soils not a good forage.
Alsike	50 lb.	\$3.50	5-8	Used in wet acid soils.
Mammoth Red	50 lb.	\$2.69	4-15	A short lived red clover.
Medium Red	50 lb.	\$3.30	4-15	Great for shorter rotations

#### ALFALFA

KingFisher 401B	50 lb.	\$5.60	18-25	oc, A branch rooted alfalfa for wetter areas. Winterhardiness 1.6, fall dormancy 3.8
KingFisher Enhancer II	50 lb.	\$5.60	18-25	Taprooted alfalfa with a 30/30 DRI. Good performance across univeristy trials
KingFisher oR404	50 lb.	\$5.60	18-25	oc, this variety has very high pest and disease resistance. Winterhardiness 2.1, fall dormancy 5.0
KingFisher oR23	50 lb.	\$5.50	18-25	A high yielding wet tolerant alfalfa with great winterhardiness. Good for clay soils WH 2.2, FD 3.0
KingFisher oR24	50 lb.	\$5.50	18-25	An alfalfa with Winter Hardiness of 2 and a Fall dormancy of 4, a good yield record, fast regrowth and very high protein.
KingFisher 101	50 lb.	\$4.98	18-25	A respectable variety at a low cost.
